Date: \_\_\_\_\_

\*Examples of school purposes are: internal uses e.g. classroom display, school noticeboards; print media e.g. newspaper and magazine articles; public display e.g. external events; electronic media e.g. school website, newsletters; public social media e.g. KVS Facebook public page / Instagram; private social media e.g. KVS community Facebook page (currently enrolled families and board members only).

Your responses in this form will be used to determine the level to which your child(ren) can participate in photos. Please ensure you have discussed your preference with your child so they will understand if they are asked to step out of a photo.

For all pre-planned excursions, KVS parents will be advised of specific details of the intended activities, travel arrangements, and timing. Parental permission must be received before a child can attend.

There will also be times, however, when children will have the opportunity to attend **impromptu** off-site activities in the local area e.g. a walk in a nature reserve in Koonwarra, where, due to the relatively immediate nature of the excursion, it is impractical to request parental permission prior to undertaking the activity.

Your responses in this form will be used to determine the level to which your child(ren) can participate in these impromptu excursions. Impromptu local excursions may be taken on foot or in our minibus and will always be supervised by a Mentor.
